

Kristen E. Dwyer

April 10, 2020

Kristen Elizabeth Dwyer was the ideal "people person." She was so loving, warm, and kind when you needed her, but never missed an opportunity for a playful jab when she could. From a young age she had to experience so much so quick, but she was a strong human being.

Everyone has their demons that they must fight every day. Kristen was very good at keeping hers at bay while selflessly putting others before herself. That was just one of her many amazing qualities she shared with us each day. I could write pages on how she was amazing in her own way and that just shows how much she meant to us.

We, the Dwyers, would like to thank you for being with us during this difficult time. She is not in pain anymore, and is finally free to be her true self. We will always love you, Kristen. Til we see each other again. Remember this isn't a good-bye; this is a see you later, beautiful.
