“ I am heartbroken and had no idea! I kept trying to text her too! I am extremely sorry I did not search for her sooner and was not there for her. I have a tremendous hole in my heart. To me she was life! We shared the best laughs and such a closeness. She knew me so well. After I left Memphis I hadn't heard from her. She will never be forgotten because she was so amazing and I am so grateful that I had the chance to know her. My condolences to the Tinch family. Please know that she was always in my thoughts and she was the bestest friend ever and I am so sorry for what you are going through.

“ Sending my condolences to Joanna, Gary, Brian, David, and all the family. I am grateful for the chance to know this incredible soul- and that we were able to meet as neighbors/childhood friends, staying in connection for nearly 30 years. Amanda was a truth teller and made me laugh like no one else could. She gave me my first education about the birds and the bees as well as Korean culture 101- introducing me to kimchi while offering lessons on how to use chopsticks (I still try but fail to use them perfectly today) My fondest memories are growing up in the 80's with her- playing outdoors in the neighborhood, immersed in our deep teenage conversations, or making cassette tapes of our favorite music. There are songs and movies that will remind me of her for the rest of my days. And although our paths into adulthood created distance leading us in different directions around the globe, I'm so grateful that we had the good fortune to vacation together- twice- in the Hawaiian islands. These are but a few of my fondest memories. Even after all this time, Amanda is like an enigma to me, but her uniqueness, compassionate heart and courage have forever changed me. She will never be forgotten.

“ Amanda was a beautiful person. We attended Gates Chili high school together. She was a bubbly person and made people laugh. I lost track of her after she started in the army. God Bless this beautiful person!
