“ Sharon,

I am so sorry for your loss and I am little upset that I failed to see the celebration of life was this past Sunday! I just heard about his passing this past Friday and I assumed I missed the service (I was not able to open this attachment from Audrey at FISH last week to read the obituary).

I volunteer for FISH as a driver and spoke to Jeff often setting up rides. I had no idea about his background as a pilot with the US Airforce. I guess he did not boast about it, which is how I envision Jeff as he worked through his civilian life.

I am sure you are very proud of him and again I am sorry I did not make it to his celebration of life.

Sincerely,

*Paul Baker

“ *Jeff has been volunteering with F(Friends) I(in) S(service) H(here) for several years now, and it has been a pleasure to work with him securing rides for those in Rush-Henrietta who do not have the ability to get to their medical appointments because they cannot drive. He has been giving above and beyond to this organization; a faithful volunteer helping others. May he rest in peace. My prayers and condolences go out to his family and friends.*

“ Jeff was always someone to look up too growing up in Scottsville. He was three years older than me and what he accomplished in life is amazing. I consider him a local hero, not only did he serve his country but his community as well.
