“ I just became aware of Dan's passing. We worked together in the sheriff's office many years ago. I fondly remember what a great guy Danny was and his friendly personality was very obvious. God Bless Danny and his family.

“ Danny was a academy classmate, we were among the 8 from our class to transfer to BPD. The Wolfman was the tallest, quietest, and definitely the calmest in a crisis. A great guy to work with, always a pro and always had your back. RIP brother of the badge and VN era vet

“ My sincere and heartfelt condolences, to Judy, Sean, and Robbie. Danny and Judy were good friends of my husband and I. Danny was a pleasure to work with. I will miss his humor, and easy going nature. Being Brighton's first female patrol officer, many of the men were very apprehensive when I was hired, but not Danny. I went straight to the midnight shift, where Danny became a mentor, and a friend. I will never forget his kindness. Rest in peace, my big brother, and thank you for everything.

“ Debbie and I met Dan, Sean and Judy while were vacationing in Aruba and became best of friends. We will miss the big guy very much. I don't know how anyone couldn't like Dan the big loveable teddy bear. Never saw him angry. He was for us more than just a good friend. We will always have fond memories of our times together.

“ I first met Dan when I was working at Brighton Ambulance. I remember seeing this big guy step out of a patrol car and several agitated people calming down simply due to his size and command presence. I would later learn Dan was a gentle giant with a heart of gold as I got to know him better once I started working at Brighton PD. Rest in peace, brother. You're the guy people picture when they need help from the police.

So sad to hear, belatedly, of Dan's passing. My deepest condolences to his wife, Judith, and his 2 sons, Sean and Rob. I worked together with Danny Many years, both on the night shift and later on the day shift. I have bbmany happy memories of Dan on the job and also at Brighton Dept. Picnics. The details being handled by Danny, Judith, Bill and Becky Principle. Officer Wolfer always presented a calm demeanor in any of his dealings with the public. Dan's wry sense of humor will be missed. Thank you for your dedicated service both to the Town of Brighton and the US Army. God speed.

“ *Dan and I went thru the academy together, and started our career as Sheriff Deps. We both transfered to Brighton along with four or more others. It was a good dept. and I enjoyed working with Dan. He was thoughtful, kind, and funny. Nice Guy.*

“ *Dan took me under his wing, as a new guy from a small department, basically clueless, struggling in FTO, wondering why I left a job I was comfortable with; Dan made me feel like I made the right decision. Dan was about 6'5", a solid rock, with pretty much no body fat, a BPD veteran, more impressive, a Vietnam veteran; meaning he was a guy I want to go to battle with. With a guy like that in your corner, I realized I made the right decision, he had my back. I cannot express how much he meant to me. You new guys know what I'm talking about, finding the officer/supervisors that you know are looking out for you; making the adjustment easier. Do not forget those guys!!!*

I absolutely loved my cousin Danny. I love his wife, Judy, and his beloved sons. We shared wonderful memories of laughter, stories that were always exaggerated, wonderful food, lovely wine and most of all family togetherness. I am going to miss you, cousin, but I am so grateful to our Lord God that you are at peace with no more pain , no more struggles and I truly thank you for incredible, joyful memories. I will continue to pray for Judy and the boys. I will continue to pray for Sean as being an incredible, unselfish caregiver with a heart of caring. May God be forever present in your family's healing. I love you.

Dan, the painful struggle is over. Rest in peace Brother. Judy, Sean and Robby accept my heartfelt condolences. Dan was truly the man. He was a great comfort as a back-up, his mere presence defused many tense situations. Playing softball with a paltry single I knew he would drive me home with his home run blast. I will miss him greatly. Scott Enter

I met Danny as a member of recruit class #1. He was a good guy, generally quiet. Occasionally we would run into each other when I worked on the east side of Rochester. Rest in peace, Danny.
