“ *Dianna was such a joy to be with and lit up the lives of everyone around here. She would have wonderful stories to tell when she came to our weekly suppers at St. Timothy. She wrote me a beautiful note, thanking me for the cards I sent her and how she would share the Bible readings with her friends at the home. A giving, caring, and loving lady!*

“ *Oh Win and Bonnie. I too already miss. Just knowing she was in this world ... loving life, cats, you, and God. She has made this world a brighter place through her ways of living and giving. Everyone has a story about her and one can't help but smile and recognized that she was indeed a beloved Child of God*

“ *Diana was a joy to work with at the 911 Center. As you know she and Tex loved to cook for others. The two of them often cooked for the 911 family picnics. You could tell they took great joy in helping others. Diana was a person you knew where she stood with you and I mean that in a good way. She often mentored others at 911 and trained countless other staff. She will be truly missed. John Merklinger*
