“*RIP "Frank the Drummer"! I fondly remember sharing some memories during my last phone call to you sometime back. Frank played drums with the RG&E Big Band during some nice years. He always made sure all the music books were put back and accounted for in the carrying case after we played a gig. A good guy. Here's a picture from an October 5, 2004 band rehearsal. Pictured with him is Ray Shahin, another band member who died in 2012. Have fun playing with many of our other band members in Heaven, Frank. Say hi to Tedo D'Aurizio for me!*
