“ We are so sorry for your loss. Grace will be missed, but she is now out of pain and in peace.

Grace was a very important influence in our lives. She helped Bill and I learn sign language so we were then able to minister and communicate with the deaf community for 20 years. She opened her heart and allowed the Lord to use her. She was such a blessing. I'm sorry I missed seeing her one more time. Blessings and condolences to her family and friends.
