“ I'm devastated to hear of Jim's passing. He and I worked together for nearly 20 years. He always shared details of his interests and projects. We often shared stories of our military experiences. He had a quiet sense of humor and was unruffled regardless of what was going on around us.

“ My sincere condolences to Karen, Jim's loving wife. I enjoyed hearing stories of how they met and lived and loved through the years. He was Karen's anchor and an endless source of advice to me (Karen, ask Jim what he thinks about...."). They were truly blessed to have each other on Earth and for all eternity. ❤️

“ From Shirley, his little sister and her husband Keith Baumgarner. Jim was a great "BIG BROTHER" and we enjoyed great times together. When I needed a ride, he was always there for me. Love you forever!!! Your Little Koz!
I always looked to Him and he was eager to help us. His smile was infectious and made you smile with him. He didn't even get upset when I dropped his new drill 14 feet to the concrete when we were building my "Heavy Metal Barn". I bought him a new one a few weeks later and he was surprised and said I really didn't need to do that. What a guy!!!

“ My most sincere condolences to Karen and to the Roys an Kozlowskys. Jim was a friendly, patient brother-in-law, a breath of fresh air, and a source for dry humor. He will be much missed by everyone whose path he crossed. They're lucky to have him upstairs.

“ Karen and Jim flew in to visit us several times. It seems that we always had a home improvement project that needed to be done or some minor maintenance items. Jim loving those types of task was always willing to help out when time allowed. Thought he was going to re-schedule their trip once so he could stay and help out.

Visiting with Jim was always effortless. Jim was very kind, helpful and had a gentle spirit. You could tell his love for his wife, Karen ran deep.

Jim was a wonderful Brother In-law to David and I and Uncle to Adrianna.

“ Jim K was my sister’s loving husband and a great brother in law. Long before he was the El Camino guy he was a Mustang guy. I can still remember the sound of the engine when he pulled the Mustang into my family’s driveway when I was a pre-teen. The car jones has stuck with me. This is a 1969 photo of Jim and his cool sunglasses. Hope it’s fully visible!

Jim was a quiet, steady strength for Karen. He was a master of all things mechanical ! Their property was his domain and he was happiest in “the barn” restoring his prize vehicles! I imagine Jim is already checking the hinges and latch on the “Pearly Gates” as he was ushered into heaven!
