“ To the Family: Kathy was an inspiration to many during her successful weight loss journey. We met at Gates Weight Watchers, attending meetings over two years (only missing those that coincided with out-of-town visits). She loved her "walks in the parks"... She recalled fond memories of BOCES students.

“ I will miss my good friend Kathy. We became friends at West Seneca East HS. We had many good times on the tennis team and in musicals. Kathy was such a hard worker, and she had a great positive outlook. So glad she got together with our West Seneca East Craft group of friends the last couple of years. We loved coming to her house and making holiday cards. Thanks for making me laugh. We will miss her. Our sympathies to Marge and her family.

“*Had the pleasure of working with Kathy for many years. She truly loved her students and they loved her — the memory of a joyful yell of “Carlino!” from down the hall when a student saw her still makes me smile every time I think about it. She had a level of dedication that was admirable and I remember the amazing crafts her mother made for the students. Kathy loved her family and spoke about them often, especially those nephews. Thanks for the many laughs and late talks, and for being a great therapist and educator — you made us all better. My thoughts are with her family.*
