“ Aunt Kay was one of my favorite aunts! She will be missed so much by so many....she was always kindhearted and had a laugh like no other! She has joined her wonderful family who have passed on before her. While I will miss her physical presence, her spirit will live on through all of us who loved her! Rest easy Aunt Kay, you certainly have earned your wings!

“ It is so hard to believe that she is gone. She was a strong person full of gentleness, goofiness, love and faith. Words can't express what she means to every one of us in her family. She was a caretaker, a listener, a supporter and most of all she loved her family with all of her heart. The past year had been especially rough, both Lewy Body Dementia and Covid stole our time with her away from us. I just hope that she knew how much we all love and missed her when we were apart. We couldn't see her but she was in our thoughts and prayers every day. This past week we were able to spend some time with her and I believe she left us knowing just exactly what she meant to us. I love you Grandma and until we meet again may you fly high with the other angels and keep watch over us. -Erin
