“ To the Richmond family

I worked with Kathy at Kodak/ITT for many years. Kathy was the BEST ! We had so much fun . She was always cheerful. We always knew what was going on in each others life. Even with her illness she was always upbeat. Our little crew would celebrate birthdays by going to lunch, it was a special time, she was so much fun. We had the chance to go for a motorcycle ride, we had a great time. Kathy will always be in my heart, what a very special lady. Rest in Peace my friend.

I very much grew up with Kathy! She was and is everything to me, we had so much fun growing up. She was what you would call irreplaceable. We sang, cried, laughed, joked, whispered, told secrets, and loved each other, Back in the day, Kathy, and I along with 2 other sisters, shared a bedroom together. Kathy and a friend (Maryann) would always be planning on a Friday and Saturday night date. This was a time when woman would prop their hair high on their head and spray a whole can of spray on their head so it would NOT move... The smell and fog in the room would be intense. All of us younger ones would be in bed trying to sleep, but the smell would reek the room and... under the covers we went!! She was like my right arm, she taught me how to drive any time she could. Every time we took a driving course, off to John & Mary's we went! I loved it (thank you sis) . Her wedding was beautiful, just like Kathy!! We had so many plans and did them all. My last few years with Kathy were different. Her kidney disease took over. We talked less frequently, but reminisced always, we laughed so much and she appreciated those times back when life was easy. I love her and always will! My heart is broke and my life will be different. Spending my time with you sis was the center of my life and I will always be thankful for your love and kindness. Your sis.... Carol Ann

“ Kathy and Bill warmly welcomed us as their new neighbors. We were blessed to settle next to them. Kathy's smile was the best. I was looking forward to spending some hours this summer with her. Bless her life. Ruth and Bing Rath

“ I have many memories of Kathy, some from many years ago. I'll tell of the latest that i can remember her laughing. At our mumzies wake, Kathy was up front closer to mumzie and someone approached her with a smile and must of said something rather funny because Kathy started chuckling and i happened to catch this rather funny scenario. Her laugh was contagious and it made me laugh just watching her interaction that day. I also think about her cooking and baking something always delicious and a treat just to look at. Her home was a site in and of itself. Right out of a magazine. Her style and design was outstanding and everything so clean. She may have gotten this quality from our granny. I will miss her always remembering my birthday and me always getting hers wrong by a day or two every year. I hope Kathy can rest in peace now and that she was greeted by all who loved her. Marlene.
