“ Aunt Louise... just because we lived so far away from one another, didn't mean that we didn't think of, or talk to one another **!!**. Isn't that **RIGHT !!**. I will **NEVER FORGET** the times, we talked on the phone, and would giggle, and laugh, with each other, just like a pair of school girls **!!** I would tell you jokes, and you would tell me some, and sometimes we would forget the punchline, and we would laugh to our selves, til we cried **!!** Then we would start all over again **!!** We always talked about the “**OLDEN DAYS**”, and talk about when we would have picnics, and parties, and the whole family would get their instruments, and singing voices ready, and we'd all sing together, with the person that started the sing along **!!** It was always so much fun, when we knew we were heading over to Aunt Jenny's house, because we knew the night would end with all the sisters, and brothers, playing they're music, singing, dancing, and everyone having a great night together **!!**. On Saturday, and Sunday nights, my husband Larry, and I, like to listen to the Lawrence Welk Show, and now every time I hear that piano playing Aunt Louise, you will be right beside me...playing the piano, and singing those beautiful songs with me **!!**. God has called you home, and now you..., and your siblings, can play, and sing for the Lord **!!** I Love you Aunt Louise, and you will always be in my heart, thoughts, and prayers **!!**. Say hello to my Dad, and other aunts, and Uncles, and Family members, for me...and I'll see you **LATER !!**

“ Gary and family I send my most heartfelt condolences for the loss of your dear Mother. Louise and I worked together at Kodak for many years. When I first joined the clerical group in the Facilities Organization she took me under her wing and showed me the ropes of corporate America. As a result of her guidance I eventually advanced to various management positions. I not only gained a great co-worker but more importantly a Good Friend! Forever grateful, may God Bless you all.
