“ *So much more than a friend. Amazing sense of humor. She was family to us on Red Leaf. Too many childhood memories to count. Bringing my grandmother to work with her for the town. She always looked to help those around her.*

*So many wonderful memories. Such a great lady. We were a family when we all worked together in Parks and Recreation. We had so much fun and so many laughs. I did torture her a little bit with the fake mice in her coat pockets. You will be lovingly missed my friend. Love you....
