“ I'm so sad to hear of Mariano's passing. I grew up in the neighborhood where Nacca's bakery is and I have so many fond memories going there as a child for a sub and a 9" pizza. I got older and eventually moved out of the neighborhood, but I never forgot Nacca's Bakery or "Mario". I would come back from time-to-time to say hello, buy my usual, a small ham and cheese sub with extra cheese and extra mayo, and we would reminisce together about the old days and simpler times. Thank you my friend for taking the time to share with me some of the greatest times from my childhood, your great subs, and your awesome friendship. I will never forget you Mario. R.I.P. my friend.
