“ *To the Family of Mrs. Soprano: I would like to extend my condolences for your loss. Although we have not met personally, my family can empathize with what you are feeling at this time (I have been in treatment since 2010; not that it eases the pain of your loss). I pray that you may find a measure of comfort in knowing of the future promises of Our Creator, stated at Isaiah 33:24 and Revelation 21:4,5. Until then, may your precious, loving of Mrs. Soprano, strengthen and comfort you during the very difficult days ahead (Philippians 4:6,7,13). Please accept my sincere condolences.*
