“ *Always cheerful and kind, Phyllis was an important part of our church, especially in her dedication to the Outreach/Missions Ministry. Her light will live on, and we will remember her.*

“ *Tracy---I was extremely saddened to read about your mother's death. Actually, I have been trying to contact you and thought I could find a contact for you on the Chili Town Board but was unable to negotiate the website. Please let me know by FB Messenger or phone (247-3464) and keep in mind that UMW would be grateful if we could provide a reception as a gathering place following whatever are in your plans for a Celebration of Life Service even if the service is at the funeral home or at Pearce. Prayers are with you and your children, which Phyllis loved so much and always kept me up to date about them. With love and blessings, Gale Fischer Huber*
