“ There are few men who espouse their beliefs the way that Ray did in his everyday life. Always willing to share a kind word, personal uplifting thought, or words of support and encouragement. It was evident that Ray had developed over his years the kind of following that only a few ever achieve; and, for this family, he will be missed and remembered as the shining example of what we should all strive to be. May the peace that surpasses all understanding fill his family and friends hearts with the love and memories he so richly gave us; and comfort us all, knowing that he now resides in the surrounding love born of heaven. God bless you brother...
