“ Dad was forever saying let's go for a Sunday drive and get ice cream. Then of course we would end up at some farm with Dad buying heifers for hours and Mom and the girls left sitting in the car. By the time we got to be 8 or 9 no amount of ice cream could get us to go for those rides.

Scott and I were school mates during freshman and sophomore years in 1954-56 before we moved to Hilton and before Wheatland Chili. I loved the old Scottsville High building but the basketball court was small and you better not go in too fast on a fast break because the cement wall was waiting nearly under the basket. I remember practicing with Scott on his farm in one of his barns. I have great memories playing with Scott, Bernie Perry, Gary Fenton, Gary Coles, Bill Swain and others. One time Linda Giles and I met nearly 60 years after I left Scottsville and she mentioned it to Scott that we saw one another and he said, yea, I remember Bill he was our only left handed player. Sixty plus years later and he remembered I was a southpaw. Incredible!!! God Bless my friend.

One time Scott called and said he had a cow lost and could we go look for it in my airplane. We circled all over the area and never found that cow. I think he just wanted to go for a ride.
