“ I am so sorry for your loss, Cancer is such a nasty disease, I met Sharry when we were both hired into Single Use Cameras at Kodak, He was truly a great partner, friend and co-worker, we shared many laughs and worked hard right up to the end of single use. The stories we could tell! There are so many but one that comes to mind all the time, is when we had a team building class in Macedon, him running crazy with the flag to get our team to the end. He taught me so much along the way. It truly broke my heart when I heard of his passing. Way to young, he had so much more to offer and do on this earth with all his family and friends! I will always remember his smile, thoughtfulness of others, and the memories we made in Single Use! Prayers and thoughts are with Judy and his family.

“ When we leave this earth, the love that we've given and received remains behind to light the lives of those we touched, each memory a candle burning bright. Wishing The Shekell family comfort in knowing how brightly the love shines on. Sharry was great person to have worked with. Not just a supervisor a friend as well.

“ Thank you for your friendship, Sharry. Living next door to you provided us all with many happy times. We watched you father those two wonderful sons and we watched a marriage that was filled with love and fun. You made the world and our world at Bishopgate Drive a better place. We will miss that smile and that giving spirit.
