William D. Hall "Bill"

Chili - Bill Hall passed peacefully on Saturday, March 14th at the age of 78, after a long courageous battle with Parkinson's Disease and Dementia. He is survived by his wife, Dorothy; daughters, Jennifer (John), Lisa (John), and Stacie (Andrew grandsons, Will, Ben, Sam, Camden and Wrigley; sisters, Janet and Shirley (Larry brother, Frank (Karen and many relatives and friends.

Bill was born in Rochester, NY on January 4th, 1942. He grew up in Scottsville with his three siblings where he was an active member of Future Farmers of America. Together, Bill, Frank, Shirley, and Janet ran the family farm for many years while caring for their mother after the passing of their father at a young age. After beginning his career as a civil engineer, he transitioned to construction where he owned and operated Ferguson Hall Construction Company for over 45 years.

Bill married Bonnie and brought her daughter, Jennifer, under his wing in 1974. Together they welcomed two more daughters, Lisa and Stacie. After Bonnie's untimely passing, Bill became "Mr. Mom" for several years.

In 1987, Bill married his wife, Dorothy. Together they were committed to blending this new family as they preserved memories of the past. They

pursued many passions in life, the largest of those being the time they spent showing horses. What started out as a fun home activity resulted in a six horse hitch and the discovery of his "horse family."

In addition to horses, Bill had many hobbies, including hunting and golf. He was proud to be a member of Oak Hill Country Club for over 40 years. In his later years his biggest passion was spending time with family. From reunions to time spent with siblings, he cared deeply about staying connected with family as the years went by. Once his family grew with the addition of 5 grandsons, spending time with them became a highlight of his days. He looked forward to sporting events, family vacations and holidays spent with the boys.

After his Parkinson's Disease diagnosis, Bill was determined to remain active and healthy for years to come. He and Dorothy began snow birding to Naples, Florida in 2000 where they lived at Forest Glen Golf and Country Club. Yet another family of friendships evolved over this time.

Bill had a love for life. His mischievous ways always brought a smile to those around him. If there was water nearby, you could be sure someone was about to get soaked. His witty humor shined through even on the most challenging days. His determination and strong will were influential for his family, his friends, and his employees.

Above all else, he was a devoted husband, father, and papa and will be greatly missed.

Private viewing and interment. A celebration of his life will be announced at a later date. In lieu of flowers, donations can be made to any of the following: Avow Hospice, 1095 Whippoorwill Lane, Naples, FL 34105, Parkinson's Foundation 1000 Elmwood Ave., Rochester, NY 14620, or Alzheimer's Association (Rochester/Finger Lakes Region) 435 East Henrietta Rd, Rochester, NY 14620.

“ I was diagnosed with Parkinson’s disease four years ago. For over two years, I relied on Levodopa and several other medications, but unfortunately, the symptoms kept getting worse. The tremors became more noticeable, and my balance and mobility started to decline quickly. Last year, out of desperation and hope, I decided to try a herbal treatment program from NaturePath Herbal Clinic. Honestly, I was skeptical at first, but within a few months of starting the treatment, I began to notice real changes. My movements became smoother, the tremors subsided, and I felt steadier on my feet. Incredibly, I also regained much of my energy and confidence. It’s been a life-changing experience I feel more like myself again, better than I’ve felt in years. If you or a loved one is struggling with Parkinson’s disease, I truly recommend looking into their natural approach. “ My husband was diagnosed of Parkinsons disease 2 years ago, when he was 59. He had a stooped posture, tremors, right arm does not move and also a pulsating feeling in his body. He was placed on Senemet for 8 months and then Siferol was introduced and replaced the Senemet, during this time span he was also diagnosed with dementia. He started having hallucinations, lost touch with reality. Suspecting it was the medication I took him off the Siferol (with the doctor’s knowledge) him on PD natural herbal formula we ordered from TREE OF LIFE HEALTH CLINIC, his symptoms totally declined over a 3 weeks use of the TREE OF LIFE HEALTH Parkinson's disease natural herbal formula. He is now almost 61 and doing very well, the disease is totally reversed! (w w w. treeoflifeherbalclinic .com)
